International Team Working Test

sponsored by

Profine

nature's touch

Profine

nature's touch

We wish you all the best of luck
in the competition.

May these three days be something
to remember with great joy.

PETLAND

WHERE QUALITY COMES NATURALLY

Welcome

It is with great pleasure that the Danish Retriever Club welcomes you to the Profine Nations Cup 2023. This year is the third time Brahetrolleborg Gamefair and Profine Nations Cup are held, and we are pleased that teams from so many nations have found their way to Denmark.

From the beginning, the ambition of the Profine Nations Cup was to combine the best of the major international tests in Europe. And therefore, of course, the test had to be held over three days. The entries are inspired by The Kennel Club's Team Event in the UK, by the Skinners World Cup and last but not least by IWT – International Working Test. You will therefore be able to meet short technical tasks, long distances and tasks in forest and landscape. Competitions like this help raise the profile of our hunting dogs, our breeding, our training and our clubs. We are grateful to be able to combine this "showcase" with Brahetrolleborg Gamefair, which as a hunting event also gathers interests and people from all over the world. A big thank you to Brahetrolleborg for the cooperation on the Profine Nations Cup. To our sponsor "Petland" by Steen Poulin, also a big thank you. It is fantastic to have a sponsor who for the third time supports our event and the great work that goes into it.

Many people have been involved in the organization and execution of Nations Cup, we have actually drawn on the most competent people we have. Thank you to all of you who put so much time and resources into this. Your efforts make the Profine Nations Cup a fantastic Team Event.

To you, the participants - may you have some fantastic days with good dog work and good company. Danish Retriever Club wishes everyone a good weekend.

Velkommen!

Det er med stor glæde, at Dansk Retriever Klub byder velkommen til Profine Nations Cup 2023.

Det er i år tredje gang Brahetrolleborg Gamefair og Profine Nations Cup afvikles, og vi glæder os over at teams fra mange nationer har fundet vej til Danmark.

Ambitionen med Profine Nations Cup var fra sin begyndelse at kombinere det bedste fra de store internationale prøver i Europa. Og derfor måtte prøven naturligvis afvikles over tre dage. Posterne er inspireret af The Kennel Clubs Team Event i Storbritannien, af Skinners World Cup og ikke mindst af IWT – International Working Test. I vil derfor kunne møde korte tekniske opgaver, lange distancer og opgaver i skov og landskab. Konkurrencer som disse er med til at profilere vores jagthunde, vores avl, vores træning og vores klubber. Vi er taknemmelige for, at kunne kombinere dette "udstillingsvindue" med Brahetrolleborg Gamefair, der som jagtbegivenhed også samler interesser og mennesker fra hele verden. En stor tak skal lyde til Brahetrolleborg for samarbejdet omkring Profine Nations Cup. Vores sponsor "Petland" ved Steen Poulin skal også have en stor tak. Det er fantastisk at have en sponsor, som for tredje gang støtter op om vores arrangement og det store arbejde, der ligger i tilrettelæggelsen.

Mange mennesker har været involveret i tilrettelægning og afvikling af prøven, vi har faktisk trukket på de mest kompetente mennesker, vi har. Tak til alle jer, der har brugt masser af tid og ressourcer.

Jeres indsats gør Profine Nations Cup til en fantastisk Teamevent.

Til jer deltagere - må I få nogle fantastiske dage med godt hundearbejde og godt selskab.

Dansk Retriever Klub ønsker alle en god weekend.

Luise Linnemann Rasmussen, Chairman of the Danish Retriever Club

Programme

Thursday the 17th of August

From 18.00 - registration and welcoming at Brahetrolleborg.

Friday the 18th of August

7.30: The teams meet at Brahetrolleborg for information about Friday's program
Team photos – with dogs – before heading out.

Test 1: Woodcock drive

Judge: Mark Demaine

Steward: Cim Ulrick von Arensdorff. Helpers: Marianne Nybo, Mogens Aagaard

Test 2: Duck drive

Judge: Morten Rossau

Steward: Peter Madsen. Helpers: Sven Spangsberg, Peder Christensen.

Test 3: Blind

Judge: Zsolt Böszörményi

Steward: Berit Marie Jørgensen. Helper: Michael Mou Johannsen

Test 4 + 5: Mark and blind

Judge: Karin Thunander

Steward: Annesofie Christensen. Helpers: Niels-Arne Visbech Madsen, Steen Helskov, Christina Nissen

Test 6: Walk-up

Judge: Thomas Plamboeck

Steward: Gert William Knudsen. Helpers: Tina Schilling Hansen, Lasse Hansen

Test 7: Duck drive

Judge: Miso Sippola

Steward: Marie Kofoed-Toft. Helpers: Johnny B. Rasmussen, Keld Simonsen, Erwin Boldes.

Friday evening at 19.30 a SMS and an e-mail will be sent to team captains with information about the meeting point on saturday morning.

Saturday the 19th of August

7.30: Teams check-in at meeting point according to information received Friday evening.

Labrador Retriever, yellow bitch, Dk01952/2020, 24/01-2020, (DKJCH Astraglen Bailey - Stenhøj-
gårds Dixie), breeder: Trine Christensen, owner and handler: Trine Christensen.

FCI RULES

INTERNATIONAL GUNDOG WORKING TESTS FOR RETRIEVERS

1. Introduction

- a) A Working Test (WT) is a competition for the purpose of assessing, without game being shot, the working abilities of the various breeds of Retrievers.
- b) An International Working Test (IWT) is a working test that is organized and judged according to the 'rules for international gundog working tests for retrievers'.
- c) A working test is already organized every year where national teams compete against each other. This IWT is called 'THE IWT' and should be run according to the rules presented here.
- d) The retriever is the shooting man's indispensable help during a shooting day. The aim of an IWT is to select the best dogs having good temperament, good marking, good use of nose and showing initiative.

Handling is to be considered as an indispensable complement to these qualities, keeping the dog steady while walking at heel or at the stand, willing to obey the handler's instructions when sent for game, which it has not been able to mark.

2. Organisation of the IWT

- a) An IWT must be designed by a person or persons with experience of dog work under shooting field conditions. Each dog must be given, as near as possible, equal opportunity with the element of luck reduced to a minimum.
- b) On the occasion of an IWT, the organisers must always try to simulate events that occur on a shooting day. They must also ensure the tests are designed to further good gundog work, and not inhibit dogs from marking or showing natural working ability. It is very important that guns and dummy throwers are positioned with this in mind.
- c) When retrieving, a dog must not be required to pass too close to another retrieve.
- d) Organisers and judges must care for the safety of dogs and must not require them to pass dangerous obstacles.

3. Conduct of an IWT

- a) The decision of the judges is final. Those taking part shall not openly impugn the decision of the judge or criticise the host, ground, or helpers.
- b) The organisers shall have the power to exclude dogs from the competition and / or will have the right to refuse an entry.
- c) The organisation may restrict the numbers in an IWT, in which case the right to compete shall be decided by the date the registration form was sent.
- d) The judges must be field-trial or working test judges approved by their national canine

organisation and/or Kennel Club A- or B-panel judges. At least one of the judges must be an FCI field-trial judge.

- e) All handlers must carry out instructions of the judges who are empowered to remove from an IWT any dog whose handler does not obey them or whose handler wilfully interferes with another competitor or his dog.
- f) No person attending an IWT may allow any bitch in season to be on an IWT ground or to foul any ground to be used by competing dogs.
- g) An IWT can be organized for open dogs, for open and novice dogs, for open, novice and beginner dogs. No other terminology than open, novice or beginners should be used.
- h) No dog shall wear a collar whilst competing, not even the beginners.
- i) No person shall carry out punitive measures or harsh handling of a dog whilst within the boundaries of an IWT. Such a behaviour will be punished (after judges decision) by disqualification.

4. Judging

- a) When coming into line the handler must ensure the dog is on the lead, the judge will then explain what is expected. Judges must ensure that spectators are at a reasonable distance from the competitors in the line.
- b) Judges will give dogs every opportunity to work well by seeing that conditions, as far as possible are in their favour. They will be looking for dogs, which need the least handling and please them most from a shooting point of view.
- c) In all retrieving breeds good marking is essential with a quick pick-up and a fast return. When picking-up and returning, judges will not penalise a dog too heavily for putting down a retrieve to get a firmer grip, but this must not be confused with sloppy retrieving. Dogs showing marking ability and initiative should be placed above those which have to be handled onto their retrieve
- d) Eliminating faults and faults which lead to zero will disqualify a dog from any awards.
- e) The judges are empowered to withhold any prize or award if in their opinion competing dogs do not show sufficient merit.
- f) Each exercise is judged on points.
- g) Each dummy sent for is scored on 10 or 20. A zero on one dummy leads to a 'non classified' (NC). In case more than one dummy has to be retrieved during a test, a zero on one dummy does not mean a zero for the whole of the test when the order in which the dummies should be retrieved is respected.
- h) In case of a major fault a score not higher than 6 on 10 or 12 on 20 should be given.
- i) In case of more than one major fault a score not higher than 2 on 10 or 4 on 20 should be given.

5. Specific instructions

a) At the start of an IWT, judges must ensure they have the correct dogs with their correct numbers in the line.

b) A retriever must be steady to shot and fall and retrieve on command. Also, all dogs should be tested at working in water and hunting a zone. A dog must walk steady at heel.

c) To make sure that water work and hunting a zone can be tested, the organization should appoint enough judges. For example: 7 judges, for 5 tests for +/- 100 dogs divided over beginners, novice and open.

d) During an IWT only green standard dummies (500 gr) will be used.

Exception: Launcher dummies for a dummy launcher.

e) When dummies are thrown, and gunfire is used, the shot must always precede the thrown dummy, with the gun positioned no further than approximately 35 meters from the retrieve. With unseen retrieves gunfire is optional. If possible shotguns should be used instead of pistols.

f) An IWT should include at least five exercises.

g) The distance of a retrieve should not exceed more than 150 meters.

h) Credit points (alphabetical order):

- control - delivery - drive - natural marking - nose - quiet handling - speed in gathering retrieve - style.

i) Major faults (alphabetical order):

bad control and/or disturbing the ground unnecessarily - bad heeling - bad marking and/or bad memory of the fall - being overdependent on the handler - being restless and asking the handler's attention at the post - noisy handling - sloppy retrieving - working slowly and/or without much initiative

j) Faults which lead to zero (alphabetical order):

chasing - hunting with dummy in the mouth - changing retrieve - failing to enter water - failing to retrieve - gunshiness - out of control - running in - whining - barking.

If a dog makes a fault the combination (handler/dog) will get zero (0) points. The combination is allowed to complete the remaining exercises.

k) Eliminating faults (alphabetical order):

aggressive behaviour – puncturing the dummy - physical punishment of the dog.

If a dog makes an eliminating fault the combination (handler/dog) is not allowed to stay in the competition.

Approved as guidelines by the FCI General Committee in March 2007 in Amsterdam. English is the authoritative language. Effective from January 1st, 2011.

SPONSORS AND PARTNERS:
